Savings Accounts

A bank account inspires confidence. The best reference any man can have is a bank book that shows steady consistent saving. The book that shows regular deposits over a period of time, proves that you are careful with your money and, therefore, liable to be so with other people's money. A savings account tends to make one cautious, thrifty and accurate in financial details. Employers are on the watch for men with those qualities. Start an account with the New Year. A Dollar will do.

Deposit Boxes

Your valuables are never safe unless you have a Safety Deposit Box. If you only have one valuable, private paper it is worth while to protect it. Thieves and fire are not the only dangers—there is always a probability of your mislaying your valuables. This bank offers you a definite place of absolute safety for all valuables. A Deposit Box represents an investment of only \$3 a year. Larger boxes if you desire.
